Dear teachers and parents,

This week our focus is on the Intermediate Phase. We look at operations.

This includes ADDITION, SUBTRACTION, MULTIPLICATION and DIVISION.

In order to **apply** the correct operation; it is important to first identify the operation by recognising the corresponding vocabulary.

Work through the vocabulary below and then play the game.

It is important to link the right vocabulary with the right operation, check out the blocks below.

Welcome to Doodle 4 Google, a drawing competition where we invite children and teenagers (aged 4-17) to design their own interpretation of the Google homepage logo, a "Google doodle".

We're inviting participants to show their passion for football, and exercise their creative imaginations around the theme: "I love football". Use this Google logo as your template, get your art supplies and let your imagination run wild! Once you have designed your very own "Google doodle" send it back to us to stand a chance of winning a laptop.

The winning doodle will be featured on www.google.co.za for 24 hours during June 2010 and will be entered into the worldwide *Doodle 4 Google - I love football* contest.

Please read the contest rules, as part of this document. You only send us this form to enter the contest. You don't need to send the contest rules.
